## 2005 Partnership Income Tax Forms and General Instructions

### FROM THE COMMISSIONER

This booklet is designed to provide information and assist partnerships in filing their Georgia partnership tax returns. On Page 2 is a "Federal Tax Changes" section that I recommend you review to determine if the changes affect your return.

This booklet contains the forms and schedules required by most partnerships. If you need additional forms, we encourage you to visit our website at [www.dor.ga.gov](http://www.dor.ga.gov). There you can download forms and always obtain up-to-date tax information and news from the Department of Revenue. Forms are also available via fax-on-demand at 404-417-6011. A list of useful telephone numbers is on Page 6.

Our mission and commitment is to serve Georgia's taxpayers in a prompt, courteous and professional manner and to effectively and fairly administer the State's tax laws. We welcome your comments and suggestions on how to more effectively accomplish this mission.

**Bart L. Graham**  
Commissioner

## GENERAL INFORMATION

### **FEDERAL TAX CHANGES**

**Job Creation and Worker Assistance Act of 2002, Jobs and Growth Tax Relief Reconciliation Act of 2003, Working Families Tax Relief Act of 2004, and American Jobs Creation Act of 2004.** Georgia has adopted the provisions of these acts (as they relate to the computation of Federal taxable income) for taxable years beginning on or after January 1, 2005, except for I.R.C. Section 168(k) (30% and 50% bonus depreciation), Section 1400L (tax benefits for the New York Liberty Zone), and Section 199 (deduction for income attributable to domestic production activities), which are treated as if they are not in effect. For tax years beginning on or after January 1, 2005, Georgia has now adopted the increased I.R.C. Section 179 deduction (\$105,000 in 2005) and the related phase out (\$420,000 in 2005) that was enacted as part of the Jobs and Growth Tax Relief Reconciliation Act of 2003.

**Federal deduction for income attributable to domestic production activities (IRC Section 199). This should be entered on Page 2, Schedule 4, Line 4. An adjustment to the Georgia partnership return is not required if the partnership is not allowed the Section 199 deduction directly, but instead passes the information needed to compute the deduction to the partners.**

**Depreciation Differences.** Depreciation differences due to the Federal acts mentioned above should be handled as follows. If the taxpayer has depreciation differences from more than one Federal act, it is not necessary to make a separate adjustment for each act.

A. Depreciation must be computed one way for Federal purposes and another way for Georgia purposes. To compute depreciation for Federal purposes, taxpayers should use the 2005 IRS Form 4562 and attach it to the Georgia return. This amount should be entered on Page 2, Schedule 4, Line 5 along with the words "2002 JCWA/2003 JGTRRA Depreciation Adjustment".

B. Depreciation must also be computed for Georgia purposes. Taxpayers should use Georgia Form 4562 to compute depreciation for Georgia purposes and attach it to the Georgia return. This amount should be entered on Page 3, Schedule 5, Line 2 along with the words "2002 JCWA/2003 JGTRRA Depreciation Adjustment". Georgia Form 4562 and related instructions can be obtained from our website at [www.dor.ga.gov](http://www.dor.ga.gov) or from any Revenue Office.

Additionally, any depreciation differences will affect the calculation of gain when the property is sold.

Further, in 2003 the IRS started requiring separate reporting to partners of the gain from asset sales for which an I.R.C. Section 179 deduction was claimed. Georgia follows the separate reporting treatment of the gain and the Section 179 deduction. Accordingly, the gain should not be reported on Schedule 7 of Form 700, but the gain along with any Georgia adjustment to the gain (due to the Federal acts) should be reported separately to the partners.

All partnerships should notify their partners of adjustments that need to be made on the partner's return based upon the above mentioned differences.

### **2005 LEGISLATION**

**Repeal of the gain recognition provisions regarding "like-kind" exchanges having out-of-state replacement property.** Retroactive for tax years beginning on or after January 1, 2004, O.C.G.A. § 48-7-27(b)(6) is repealed. Because Georgia law is now silent, all applicable federal provisions under the Internal Revenue Code will govern.

**Clarified Definition of "Nonresident" for the Purposes of Nonresident Withholding.** "Nonresident" shall mean an individual or fiduciary member who resides outside this state and all other members whose headquarters or principal place of business is located outside this state.

**Expenses on U.S. Obligations.** Direct and indirect interest expenses on exempt U.S. treasury obligations for all taxpayers are disallowed for taxable years beginning on or after January 1, 2005. See adjustments to Federal income on page 3 for more information.

**Exclusion of Earnings from a Limited Partnership or Similar Nontaxable Entity Deriving Income Exclusively from Securities.** The distributive share of a nonresident member of a resident limited partnership or other similar nontaxable entity which derives income exclusively from buying, selling, dealing in, and holding securities on its own behalf and not as a broker shall not constitute taxable income. A resident limited partnership shall not include a family limited partnership or similar nontaxable entity. Additionally, such provisions shall not apply to a person that participates in the management of the resident limited partnership or other similar nontaxable entity or that is engaged in a unitary business with another person that participates in the management of the resident limited partnership or other similar nontaxable entity.

See our website for additional 2005 legislation.

### **2005 LEGISLATION EFFECTIVE IN 2006**

**Intangible Expenses Paid to Related Members.** Intangible expenses and associated interest expenses paid to related members for taxable years beginning on or after January 1, 2006 are disallowed.

**Phase-In of the Single Sales Factor for Apportionment of Income.** A new single sales factor for apportionment of Georgia income is being phased-in over a 3-year period for tax years beginning on or after January 01, 2006. Information regarding the specific percentage factors for tax years 2006, 2007, and 2008 are available on our website at [www.dor.ga.gov](http://www.dor.ga.gov).

### **FREQUENTLY ASKED QUESTIONS**

Frequently asked questions regarding corporations, S corporations, partnerships, LLC's, and nonresident withholding are available on our website at [www.dor.ga.gov](http://www.dor.ga.gov).

## GENERAL INFORMATION (continued)

### FILING REQUIREMENTS

A partnership, limited liability company, syndicate, group, pool, joint venture and unincorporated organization which is engaged in business or derives income from property located in Georgia or has members domiciled in Georgia, and which is required to file a Federal Income Tax return on Form 1065, is required to file a Georgia Income Tax return on Form 700.

### WHEN AND WHERE TO FILE

Form 700 must be filed on or before the 15th day of the fourth month following the close of the taxable year. Mail the form to: Georgia Department of Revenue, P.O. Box 740315, Atlanta, Georgia 30374-0315.

If you list a credit on Form 700, Schedule 2, mail your return to: Georgia Department of Revenue, P. O. Box 49431, Atlanta, Georgia 30359-1431.

### EXTENSION

We will accept a Federal extension or the taxpayer may request a Georgia extension using Form IT-303.

### FEDERAL AUDIT

If the Internal Revenue Service has adjusted net income within the last five years, a detailed statement of these adjustments must be submitted under separate cover to: Georgia Department of Revenue, Processing Center, P.O. Box 740315, Atlanta, Georgia 30374-0315.

### AMENDED RETURNS

If a partnership becomes aware of changes it must make after filing its return, it should file an amended Form 700. Check the amended box on Form 700 and submit an amended K-1 for each partner and a complete copy of the amended Federal partnership return, including schedules, if applicable.

### RELATION TO THE FEDERAL RETURN

The Georgia return correlates to the Federal return in most respects (see information below about Federal tax changes). The accounting period and method used for the Georgia return must be the same as on the Federal return.

**A complete copy of the federal return and all supporting schedules must be attached to the Georgia return. Otherwise, your return will be deemed incomplete.**

### ADJUSTMENTS TO FEDERAL INCOME (Schedules 4 and 5)

To determine the total income for Georgia purposes, certain adjustments as provided by Georgia law are included in the computations for Schedules 4 and 5. The total additions to Federal Income should be placed on Line 9 of Schedule 7, and listed in Schedule 4. **Georgia does not allow the Federal deduction for income attributable to domestic production activities (IRC Section 199). An adjustment to the Georgia partnership return is not required if the partnership is not allowed the Section 199 deduction directly, but instead passes the information needed to compute the deduction to the partners.** The total subtractions from Federal income should be shown on Line 11 of Schedule 7, and listed in

Schedule 5. The more commonly used items are listed in each schedule. **Additionally, adjustments due to other federal tax changes should be reported as stated on the previous page.**

U.S. obligation income must be reduced by direct and indirect interest expense. To arrive at such reduction, the total interest expense is multiplied by a fraction, the numerator of which is the taxpayer's average adjusted basis of the U.S. obligations, and the denominator of which is the average adjusted basis of all assets of the taxpayer.

Any expense that is subject to further limitation (e.g., Section 179 Deduction, Charitable Contributions, etc.) is not deductible in calculating total income for Georgia purposes. However, these expenses may be deductible on the partner's income tax return.

Where salaries and wages are reduced in computing Federal taxable income because a federal jobs tax credit has been taken, which required the elimination of the salary and wages deduction, the eliminated salary and wage deduction shall be subtracted from Georgia taxable income. Regulation 560-7-7-.05 defines the term "federal jobs tax credit".

Taxpayers who are parties to state contracts may subtract from federal taxable income or federal adjusted gross income 10% of qualified payments to minority subcontractors or \$100,000, whichever is less, per taxable year.

A list of certified minority subcontractors will be maintained by the Commissioner of the Department of Administrative Services for the Revenue Department and general public. To register your business as a minority subcontractor or to view the list, call 404-656-6315 or visit <http://ssl.doas.state.ga.us/VendorDB/mainframe.jsp>.

### INCOME APPORTIONMENT AND ALLOCATION (Schedules 6 and 1)

If any Partnership, domestic or foreign, is doing business or owns property both within and without Georgia, the average ratio as computed in Schedule 6 should be used to compute Georgia Net Income in Schedule 1. If the business income of the partnership is derived from Georgia sources, from property owned or business done within this State, and in part from property owned or business done without this State, the tax shall be imposed only on that portion of the business income which is reasonably attributable to Georgia sources and property owned and business done within this State, to be determined as follows:

(1) Interest received on bonds held for investment and income received from other intangible property held for investment are not subject to apportionment. Rentals received from real estate held purely for investment purposes and not used in the operation of the business are also not subject to apportionment. All expenses connected with the interest and rentals from such investments are likewise not subject to apportionment but must be applied against the investment income. The net investment income from intangible property shall be allocated to Georgia if the partnership's situs is in Georgia, or the intangible property was acquired as income

## GENERAL INFORMATION (continued)

from property held in Georgia, or as a result of business done in Georgia. Net investment income from tangible property in Georgia shall be allocated to Georgia.

(2) Gains from the sale of tangible or intangible property not held, owned or used in connection with the trade or business of the partnership, nor for sale in the regular course of business, shall be allocated to Georgia if the property sold is real or tangible personal property situated in this State, or intangible property having an actual situs or a business situs within this State. Otherwise the gains shall not be allocated to this State.

(3) Net income of the above classes having been separately allocated and deducted, the remainder of net business income shall be apportioned as follows:

### THREE FACTOR FORMULA

(a) Property Factor. The property factor is composed of the average value of real and tangible personal property owned or rented and used during the taxable year. Property owned is valued at its original cost. Property rented is valued at eight times the net annual rental rate. The net annual rental rate is the annual rental rate paid less any annual rental rate received from any subrentals. Averaging for rented property is achieved automatically by the method of determining the net annual rental rate of such property.

(b) Payroll Factor. The payroll factor is the ratio of all salaries, wages, commissions, and other compensation paid by the taxpayer in this State for personal services performed by employees in connection with the trade or business of the taxpayer during the taxable year to the total salaries, wages, commissions, and other compensation paid by the taxpayer for personal services performed by employees in connection with its entire trade or business, wherever those services were conducted during the taxable year. Payments made to an independent contractor or any other person not properly classified as an employee are excluded. Compensation is paid in this State if the employee's service is performed entirely within this state or the employee's service outside Georgia is incidental to the service performed in this State or some of the service is performed in Georgia and the base of operations from which the service is directed is in this State, or some of the service is performed in Georgia and the base of operations from which it is directed is not in any state where part of the service is performed but the employee's residence is in Georgia.

(c) Gross Receipts Factor. The gross receipts factor is the ratio of gross receipts from business done within this State to total gross receipts from business done everywhere.

Receipts derived from the sale of tangible personal property shall be deemed to have been derived from business done in Georgia if they were received from products shipped to customers in this State or products delivered within this State to customers.

When receipts are derived from business other than the sale of tangible personal property, receipts shall be deemed to

have been derived in Georgia if received from customers within this state, or if the receipts are otherwise attributable to this State's marketplace.

(d) The three apportionment factors shall be weighted 25% to property, 25% to payroll and 50% to receipts. If the denominator for either the property or payroll factor is zero, the weighted percentage for the other will be 33-1/3% and the weighted percentage for the receipts factor will be 66-2/3%. If the denominator for the receipts is zero, the weighted percentage for both property and payroll will be 50% each. If the denominators for any two factors are zero, the weighted percentage for the remaining factor will be 100%. **Fill in the applicable percentage in Schedule 6, Part 2, column d.**

(e) For the purpose of this section, the word "sale" shall include the extraction and recovery of natural resources and all processes of fabricating and curing.

(f) Apportionment of Income; Business Joint Venture and Business Partnerships. A corporation which is involved in a business joint venture, or is a partner in a business partnership, must include its pro rata share of the joint venture or partnership property, payroll, and gross receipts values in its own apportionment formula.

### COMPUTATION OF TOTAL INCOME FOR GEORGIA PURPOSES (Schedule 7)

Schedule 7 reflects flow-through income from the federal return which is taxable to the individual partners. A resident partner is required to report his full share of partnership income or loss. A nonresident partner is required to report only his share of Georgia-apportioned and Georgia-allocated income.

**Payments made to a partner for services rendered or interest on capital contributions are not deductible when computing the partnership's net income.**

Schedule 7 is similar to the Federal Schedule K. Enter the total amounts from each category on Schedule 7 where applicable.

### INCOME TO PARTNERS (Schedule 3)

This schedule provides space to show identifying information and income distributable to the individual partners.

Enter for each partner: 1. Name; 2. Street and Number; 3. City, State and Zip Code; 4. Social Security or Federal Identification Number; 5. Profit (Loss) sharing ratio; 6. Georgia Source Income. If the partnership has more than 5 partners, attach a separate schedule for the additional partners in the same format.

Taxpayers filing Georgia Form 700 are required to include a complete copy of the federal return, including all Schedules K-1, with the return.

**Total Georgia source income may be different than total net income because some of the partnership income (e.g., guaranteed payments) may not be based on the profit sharing ratio, or the partner is a Georgia resident. See example on page 6.**

**MAIL TO:**

Georgia Department of Revenue  
Processing Center

## ADDITIONAL INFORMATION

### CORPORATE PARTNERS OF PARTNERSHIPS

A corporation will be considered to own property in Georgia, do business in Georgia, or have income from Georgia sources whenever the corporation is a partner, whether limited or general, in a partnership which owns property or does business in Georgia, or has income from Georgia sources.

### LIMITED LIABILITY COMPANY

Each limited liability company and foreign limited liability company shall be classified as a partnership for Georgia tax purposes unless classified otherwise for Federal income tax purposes, in which case the limited liability company or foreign limited liability company shall be classified for Georgia tax purposes in the same manner as it is classified for federal income tax purposes.

### NET WORTH TAX

The Partnership Return is for information only. Partnerships are not subject to net worth tax.

### INSTRUCTIONS FOR PARTNERSHIPS WITH NONRESIDENT PARTNERS

Nonresident partners of partnerships doing business both within and without Georgia shall compute their proportionate part of the partnership's allocated and apportioned income from the schedules on Form 700. Georgia net income computed on Line 7 of Schedule 1 should be multiplied by the percentage of ownership. This amount is further adjusted by the partner's share of the separately stated items mentioned in the Federal Tax Changes section on page 2 and the Adjustments to Federal Income section on page 3.

A partnership that owns property or does business within this State is required by O.C.G.A. § 48-7-129 to withhold on distributions paid or credited to its nonresident partners. The withholding tax rate is 4%. Withholding is not required if the aggregate annual distributions paid or credited to each partner are less than \$1,000. As an alternative to withholding, the partnership may file a composite return (Form IT-CR) for its nonresident partners. Nonresident partners may only be included on the composite return if they have no other Georgia source income. Permission is not required to file a composite return. Please check the Composite Return Filed box on Page 1 of Form 700.

Subsection (c) of O.C.G.A. § 48-7-24 provides an exemption from Georgia income tax for a nonresident partner who receives income from a partnership which derives income exclusively from buying, selling, dealing in, and holding securities on its own behalf and not as a broker. Accordingly, withholding under O.C.G.A. § 48-7-129 would not apply to distributions paid or credited in this situation.

Note: This subsection does not apply to a family limited partnership or similar nontaxable entity, the majority interest of which is owned by one or more natural or naturalized citizens related to each other within the fourth degree of reckoning according to the laws of descent and distribution. Also, this subsection does not apply to a partner that participates in the management of the partnership or that is engaged in a unitary business with another person (including entities) that participates in the management of the partnership.

### GUARANTEED PAYMENT EXAMPLE

The following example illustrates how guaranteed payments should be treated when there is a nonresident partner: There are two partners in the partnership. Partner One is a resident of Georgia and owns 25% of the partnership. Partner One receives a guaranteed payment of \$10. Partner Two is a nonresident of Georgia and owns 75% of the partnership. Partner Two receives a guaranteed payment of \$40. The profit and loss sharing ratio is the same as the ownership percentage. The Georgia apportionment ratio on line 4, part 2, schedule 6, of Form 700 is 50%.

Ordinary income reported on	
line 1, schedule 7, of Form 700 .....	\$100
Guaranteed payment reported on	
line 5, schedule 7, of Form 700 .....	<u>\$50</u>
Total income for Georgia purposes,	
line 12, schedule 7, of Form 700 .....	\$150

Partner One (resident) is required to report \$35 on the Georgia return. The entire \$10 guaranteed payment plus the share of the ordinary income of the partnership, which is \$25 (\$100 ordinary income placed on line 1, schedule 7, of Form 700 multiplied by the ownership percentage of 25%). Partner Two (nonresident) is required to report \$57.50 on the Georgia return. The Georgia portion of the guaranteed payment is \$20 (\$40 guaranteed payment multiplied by the Georgia ratio of 50%) plus the share of the Georgia portion of the ordinary income of the partnership, which is \$37.50 (\$100 ordinary income placed on line 1, schedule 7, of Form 700 multiplied by their ownership percentage of 75% multiplied by the Georgia ratio of 50%).

# TAX CREDITS

*Pass-Through Credits from Ownership of Sole Proprietorship, S Corp, LLC, LLP or Partnership Interest*

<u>Credit Type Code</u>	<u>Description</u>
101	<b>Employer's Credit for Basic Skills Education.</b> Businesses may benefit by providing or sponsoring basic skills education that enhances reading, writing, or mathematical skills up to and including the 12th grade or classes required to receive a GED certificate. The program is administered by the Department of Technical and Adult Education. This credit should be claimed on <b>Form IT-BE</b> . For more information, refer to O.C.G.A. § 48-7-41.
102	<b>Employer's Credit for Approved Employee Retraining.</b> This credit is for retraining programs that enhance the functional skills of employees otherwise unable to function effectively on the job due to skill deficiencies or who would be displaced because such deficiencies would inhibit their use of new technology. For more information, refer to O.C.G.A. § 48-7-40.5.
103	<b>Employer's Job Tax Credit.</b> This is a statewide job tax credit for certain business enterprises that have hired sufficient numbers of employees. This credit allows certain business enterprises to offset income taxes and, in some instances, receive a credit of withholding dollars which would otherwise be paid in accordance with O.C.G.A. § 48-7-103. There are currently four tiers in the state and the credit values are different for each county. For more information, refer to O.C.G.A. § 48-7-40.
104	<b>Employer's Credit for Purchasing Child Care Property.</b> This credit is allowed when an employer places into service qualified child care property. The credit cannot equal more than 50 percent of the employer's Georgia income tax liability for the tax year. This credit must be claimed on <b>Form IT-CCC100</b> . For more information, refer to O.C.G.A. § 48-7-40.6.
105	<b>Employer's Credit for Providing or Sponsoring Child Care for Employees.</b> This is a credit for employer-provided or sponsored child care. The credit cannot be more than 50 percent of the taxpayer's total state income tax liability for that taxable year. This credit must be claimed on <b>Form IT-CCC75</b> . For more information, refer to O.C.G.A. § 48-7-40.6.
106	<b>Manufacturer's Investment Tax Credit.</b> This credit is based on the same four tiers as the Employer's Jobs Tax Credit and requires certain minimum expenditures. Employers must purchase or acquire qualified investment property pursuant to an approved project plan. For more information, refer to O.C.G.A. §§ 48-7-40.2, 40.3, and 40.4.
107	<b>Optional Investment Tax Credit.</b> This credit is similar to the Manufacturer's Investment Tax Credit; however, there are higher spending thresholds as well as a ten-year calculation. For more information, refer to O.C.G.A. §§ 48-7-40.7, 40.8, and 40.9.
108	<b>Qualified Transportation Credit.</b> This is a credit of \$25 per employee for any "qualified transportation fringe benefit" provided by an employer to an employee as described in Section 132(f) of the IRS Code of 1986. For more information, refer to O.C.G.A. § 48-7-29.3.
109	<b>Low Income Housing Credit.</b> This is a credit against Georgia income taxes for taxpayers owning developments receiving the federal Low-Income Housing Tax Credit that are placed in service on or after January 1, 2001. Credit must be claimed on <b>Form IT-HC</b> and accompanied with <b>Federal Form K-1</b> from the providing entity. For more information, refer to O.C.G.A. § 48-7-29.6.
110	<b>Diesel Particulate Emission Reduction Technology Equipment.</b> This is a credit given to any person who installs diesel particulate emission reduction equipment at any truck stop, depot, or other facility. For more information, refer to O.C.G.A. § 48-7-40.19.
111	<b>Business Enterprise Vehicle Credit.</b> This is a credit given to a business enterprise for the purchase of a motor vehicle that is used exclusively to provide transportation for its employees. In order to qualify, a business enterprise must certify that each vehicle carries an average daily ridership of not less than four employees for an entire taxable year. This credit cannot be claimed if the low and zero emission vehicle credit was claimed at the time the vehicle was purchased. For more information, refer to O.C.G.A. § 48-7-40.22.
112	<b>Research Tax Credit.</b> This credit is for expenses resulting from research conducted in Georgia by businesses engaged in the manufacturing, warehousing and distribution, processing, telecommunications, tourism, or research and development industries. For more information, refer to O.C.G.A. § 48-7-40.12.
113	<b>Small Business Growth Tax Credit.</b> This is a credit for businesses engaged in the manufacturing, warehousing and distribution, processing, telecommunications, tourism, or research and development industries. The credit is available to companies whose total tax liability does not exceed \$1.5 million. For more information, refer to O.C.G.A. § 48-7-40.13. NOTE: This credit has been repealed for tax years beginning on or after January 1, 2006.
114	<b>Headquarters Tax Credit.</b> This credit is for businesses establishing or relocating their headquarters to Georgia under certain conditions. The credit may be used to offset 100 percent of the Georgia income tax liability in a taxable year. If the credit exceeds the tax liability in a taxable year, the excess may be taken as a credit against withholding tax. For more information, refer to O.C.G.A. § 48-7-40.17.

## TAX CREDITS (continued)

Credit Type Code	Description
115	<b>Port Activity Tax Credit.</b> This credit is for businesses engaged in manufacturing, warehousing and distribution, processing, telecommunications, tourism, or research and development that have increased their port traffic tonnage through Georgia ports in the previous 12 months. For more information, refer to O.C.G.A. § 48-7-40.15.
116	<b>Bank Tax Credit.</b> All financial institutions that conduct business or own property in Georgia are required to file a Georgia Financial Institutions Business Occupation Tax Return, Form 900. Effective on or after January 1, 2001, a depository financial institution with a Sub S election can pass through the credit to its shareholders on a pro rata basis. For more information, refer to O.C.G.A. § 48-7-29.7.
117	<b>Low-Emission Vehicle Credit.</b> This is a credit, of the lesser of 10 percent of the cost of the vehicle or \$2,500, for the purchase or lease of a new low-emission vehicle. There is also a credit for the conversion of a standard vehicle to a low-emission vehicle which is equal to 10 percent of the cost of conversion, not to exceed \$2,500 per converted vehicle. <b>Certification approved by the Environmental Protection Division of the Georgia Department of Natural Resources must be included with the return for any credit claimed under this provision. A statement from the vehicle manufacturer is not acceptable.</b> A low-emission vehicle is defined as an "alternative fuel" vehicle and does not include any gasoline powered vehicles (i.e., hybrids). A "low speed vehicle" does not qualify for this credit. For more information, refer to O.C.G.A. § 48-7-40.16.
118	<b>Zero-Emission Vehicle Credit.</b> This is a credit of the lesser of 20 percent of the cost of the vehicle or \$5,000, on the purchase or lease of a new zero-emission vehicle. There is also a credit for the conversion of a standard vehicle to a zero-emission vehicle which is equal to 10 percent of the cost of conversion, not to exceed \$2,500 per converted vehicle. <b>Certification approved by the Environmental Protection Division of the Department of Natural Resources must be included with the return for any credit claimed under this provision. A statement from the vehicle manufacturer is not acceptable.</b> A zero-emission vehicle is a motor vehicle which has zero tailpipe and evaporative emissions as defined under rules and regulations of the Board of Natural Resources and includes an electric vehicle whose drive train is powered solely by electricity, provided the electricity is not generated by an on-board combustion device. A "low speed vehicle" does not qualify for this credit. For more information, refer to O.C.G.A. § 48-7-40.16.
119	<b>Cigarette Export Credit.</b> This is a tax credit for the shipment of cigarettes manufactured anywhere in the United States to a foreign country. For more information refer to O.C.G.A. § 48-7-40.20.
120	<b>New Manufacturing Facilities Job Credit.</b> This is a tax credit for business enterprises that build new manufacturing facilities in Georgia. The credit is \$5,250 per job created. For more information refer to O.C.G.A. § 48-7-40.24.
121	<b>Electric Vehicle Charger Credit.</b> This is a credit for a business enterprise which purchases an electric vehicle charger located in Georgia. The credit allowed is the lesser of 10 percent of the cost of the charger or \$2,500. For more information, refer to O.C.G.A. § 48-7-40.16.
122	<b>New Manufacturing Facilities Property Credit.</b> This is an incentive for a manufacturer who has operated a manufacturing facility in this state for at least three years and who spends \$800 million on a new manufacturing facility in Georgia. The total credit allowed is limited to \$50 million. For more information, refer to O.C.G.A. § 48-7-40.25.
123	<b>Historic Rehabilitation Credit.</b> A nonrefundable credit not to exceed \$5,000 will be available for the certified rehabilitation of a certified structure or historic home. Standards set by the Department of Natural Resources must be met. The credit is applicable to taxable years beginning on or after January 1, 2004. This credit must be claimed on <b>Form IT-RHC</b> . For more information, refer to O.C.G.A. § 48-7-29.8 or the Department of Natural Resources website at: <a href="http://hpd.dnr.state.ga.us/content/displaycontent.asp?txtDocument=35">http://hpd.dnr.state.ga.us/content/displaycontent.asp?txtDocument=35</a> .
124	<b>Film Tax Credit.</b> This credit is equal to 9 percent of the base investment in the state, with additional percentages of: 3 percent for base investment in a Tier 1 or Tier 2 county; 3 percent for wages paid to Georgia residents; and 2 percent for spending at least \$20M on multiple television projects. Production companies which have at least \$500,000 of qualified expenditures in a state certified production may claim this credit. Certification must be approved through the Georgia Department of Economic Development. This credit may be claimed against 100 percent of the production company's income tax liability, while any excess may be used to offset the production company's withholding taxes. This credit should be claimed on <b>Form IT-FC</b> , from the Film Office of the Georgia Department of Economic Development. To claim holding, the production company must file <b>Form IT-JOBW</b> at least 30 days prior to the credit will be claimed. Once the income tax return is filed, the Department has withholding credit being claimed and notify the production company of the approved it may be claimed. The production company also has the option of selling the tax taxpayer. For more information, refer to O.C.G.A. 48-7-40.26.
